

Why Our Infant Toddler Program is Worth the Investment

At **Tyke Town Early Learning**, we believe in providing the highest standard of care and early education for your little ones. Our **Infant Toddler Program** is designed to offer exceptional quality, and while our fees reflect this level of care, they ensure your child receives the very best.

Here's Why Our Pricing Reflects the Quality of Care We Provide:

- **Low Child-to-Staff Ratio (4:1)**
We maintain a **4:1 child-to-staff ratio**, which is crucial for ensuring every infant and toddler gets the individual attention and care they need. This small ratio allows our educators to focus more on each child's unique needs, supporting their emotional, cognitive, and physical development in a safe and nurturing environment.
- **Highly Trained Educators**
Our program is staffed by **qualified early childhood professionals** with specialized training in infant and toddler care. This expertise comes with a commitment to offering age-appropriate activities that foster growth, learning, and social interaction in a way that larger groups simply cannot.
- **Brand-New Facility and State-of-the-Art Equipment**
Your child will be among the **first to attend our brand-new facility at 1388 5th Avenue**. This facility is designed specifically with the needs of infants and toddlers in mind, featuring the latest in early childhood equipment and resources. From safe and engaging play areas to learning spaces that inspire creativity, your child will enjoy the benefits of a fresh, modern environment that supports optimal development.
- **Quality Over Quantity**
At Tyke Town, we prioritize quality care over quantity. Our program is structured to give each child the highest level of care, in a space that's carefully planned to support their growth and learning. While this level of attention comes at a higher cost, it ensures that your child is in an environment where they can thrive.

The Value of Investing in Early Education

We understand that childcare is a significant investment, but the **benefits of high-quality care during these crucial early years** last a lifetime. By choosing Tyke Town, you are providing your child with an environment that supports their development, prepares them for future learning, and nurtures their social and emotional skills.
